

Steven was raised at Hilltop Lakes, graduating from Normangee High School in 1981. Served in the USAF as power, refrigeration, and electronic support for Minuteman ICBM Missile systems in Montana. After the service, he started his electronics career with Intel Corp and spent 30 years in manufacturing engineering, programming, and production management for Circuit Board electronic manufacturing. He is presently a Manufacturers Representative with DG Marketing providing equipment and tool services for the electronic manufacturing industry.

Steven returned to Hilltop Lakes in January of 2020. He has 3 adult sons and 5 grandchildren with number 6 due in November.
